TECHNICAL SKILLS

- ❖ **Programming Languages**
 - C++, Python, Java, C
- ❖ **Web Technologies**
 - HTML5, CSS3, JavaScript (ES6+)
- ❖ **Frontend and Backend Technologies**
 - React.js, Tailwind CSS, Flask, Jinja2 (Templating Engine)
- ❖ **Databases**
 - PostgreSQL, MongoDB, SQLite, SQL (Relational Database Concepts)

EDUCATION

- ❖ BE CSE | SVIT Bengaluru *CGPA: 9.3 | (2027 passout)*
- ❖ BS DS & Applications | IIT Madras *CGPA: 8.0 | (2027 passout)*
- ❖ XII (CBSE) | Don Bosco Panbazar *92.0% | (2021)*
- ❖ X(CBSE) | St Marys, Maligaon *96.0% | (2019)*

ACADEMIC PROJECTS

- ❖ **AI Traffic Violation Detection with e-Challan System**
AI-automated traffic violation detection using YOLO v8n, number plate detection using EasyOCR, and then redirecting to an automatic e-challan system.
- ❖ **Hospital Management System**
A web application that allows Admins, Doctors, and Patients to interact with the system based on their roles, and carry out different web operations. Jinja, Flask, PostgreSQL, and SQLite are used as the technical stack.
- ❖ **Hackverse Hackathon Website**
A college hackathon interface that I built for our college, where the admin can control all functions, add problem statements, and students can register and participate. All data is saved in Supabase, and winners were given prize money; the whole website was a success. Mentors were assigned to teams and performed every essential function.

EXPERIENCE

- ❖ **Technical Lead | Sthavishtah**
This Internship is under a VTU-registered company, and I am working as the Technical Head for them. Apart from taking care of the website and its working. I am also working on a project titled "Intelligent Health Record & Cybersecurity Platform" registered under the said startup company with a team of 5 people.
- ❖ **Social Media Manager and Content Lead | GO BRICS BUSINESS FORUM**
Managing the social media and generating content ideas to increase production Reach. Also responsible for managing 7 teams.

POSITION OF RESPONSIBILITY

- ❖ **Coordinator | Central Events, Paradox, IITM** *(Sep '24- Jun '25)*
I was the Coordinator for the Paradox Fest 2025. I was responsible for managing the main big events, such as the DJ night, the Comedy night, and the opening and closing ceremonies. I also had to allocate work for people under me. I was responsible for giving ideas for theme-wise decorations. I also worked with documentation.
- ❖ **Web Admin | Pichavaram House, IITM** *(Aug '25- Present)*
I am working for my house as the technical head of the Webops Group. I am responsible for taking care of 5 different subdivisions as well as all other common activities. I am in charge of taking care of all live websites and online meetings.
- ❖ **Super - Coordinator | Central Events, Paradox, IITM** *(Jan '26- Present)*
I am the Super Coordinator for the Paradox Fest 2026. I am responsible for the Ambience Planning of the whole campus. I am leading a group of 25 people; apart from the ambience, I am also looking after Outreach and Sponsorship.
- ❖ **Treasurer | Coding Club, SVIT, Bangalore** *(Feb '26- Present)*
I am the Treasurer of my college's coding club. The title is more of a namesake; I'm doing most of the work, from Canva designs to preparing and hosting contests in HackerRank.

ACHIEVEMENTS / HOBBIES

- Settlement Design 3.0 IITM - **2nd Place**, Settlement Design 2.0 IITM - **3rd Place**
- Mini Project Exhibition - **1st Place**, **3X** Hackathon winner, Web Craft Design - **2nd Place**
- Twist and Turn - **2nd Place**, State-level Art Competition- **1st Place**
- I love to paint and make crafts; I love designing and have a strong interest in Digital Paintings
- I was part of the Marching Band, Guwahati's First all-girls Marching Band and got recognition from the **IPS officer** of that time.
- I am a semi-finalist for the GO-BRICS **International Hackathon**, among the 69 teams that got selected out of 12000. Will be attending the finals in Russia happening in August.
